

At Pine Labs,

# Diversity and Inclusion

is one of the core value of our organisation.

We believe in promoting diversity and inclusion across all our stakeholders namely, our people, our customers, our partners, our suppliers, and our service providers. We believe that successful and sustainable diversity and inclusion efforts benefit all our stakeholders.

We are committed to having a diverse, inclusive workplace and work environment where every individual has *opportunities and access to the resources* to reach their *full potential*.

We believe in *meritocracy*.

We have

on any kind of *discrimination or bias*.

We believe diversity will help us become an employer of choice. It will also make us a profitable and innovative company.
